

## **DELAWARE COUNTY EMPLOYMENT FORUM - VOLUNTEERS NEEDED!**

The Delaware County Employment Forum, established in 2013, is composed of families, Office of Intellectual Disabilities staff, community providers, advocates, and an ODP Regional Office Representative. The forum is committed to ensuring that every individual with an intellectual disability that wishes to work and earn a paycheck and/or volunteer is given the opportunity to do so. This commitment requires the cooperation of providers and businesses serving people with intellectual disabilities in Delaware County, individuals themselves, and their families. The Employment Forum developed a strategic plan in April, 2017 designed to increase awareness of employment as an option, outreach to the community, and increase the number of people employed in the community.
