NARCAN TRAINING FOR FAMILIES 2018

NARCAN TRAINING FOR FAMILIES 2018

KeyStone Center is offering a series of free Narcan trainings for families. The training series is being provided to help families gain information on how they can assist their loved one who is struggling with opiate dependence. The training will provide information on addiction and how you can assist your loved one in the unfortunate event of an overdose. Resources on how to access treatment will be provided.

At the close of the presentation we will hand out a free Narcan kit to each participant, the kits are funded by the Delaware County Office of Behavioral Health. Narcan is an opiate blocker used to reverse the effects of an overdose.
