## Contracted Adult Behavioral Healthcare Services

The Directory of Adult Drug and Alcohol (D&A) and Mental Health (MH) Services contains an alphabetical list of contracted providers, and the services provided with telephone contact information for each program or service listed. If a telephone number is not listed for a particular program or service, the provider's main telephone number in the header box is the appropriate contact number to use.

The Directory is updated bi-annually to reflect new adult behavioral healthcare programs and services contracted with service providers and includes their websites.
